SOLAR PLUS EXPO & CONFERENCE

India will soon be able to boast of its own swadeshi Solar Plus Expo & Conference focusing on solar, wind, biomass, hydro-power & geothermal energy sources, besides related areas of Storage, LED, eVehicles, etc. To be held in the country's premier tourist destination and MICE capital, Goa from 2 - 4 August 2018 at the prestigious Dr. Shyama Prasad Mukherjee AC Indoor Stadium Complex, near Panaji, Solar Plus 2018 will attract stakeholders from all over the country.

The Ministry of New and Renewable Energy (MNRE) is the nodal Ministry of the Government of India for all matters relating to new and renewable energy. The broad aim of the Ministry is to develop and deploy new and renewable energy for supplementing the energy requirements of the country.

All areas of renewable energies are to be expanded by a total of 1.25 billion dollars. India is on the verge of implementing the world's largest new & renewable energy expansion program. It's lead among solar resource rich countries in the International Solar Alliance (ISA) has ensured involvement of both developed & developing nations.

EXHIBIT AND YOU CAN

- ☀ Meet with those currently interested in your business
- ☀ Network with influential clients & generate leads
- ☀ Market your products, services and destinations
- ☀ Strengthen relations with existing customers
- ☀ Sign long-term deals & explore new markets
- ☀ Expand or create a network of partners
- ☀ Recruit new agents and distributors
- ☀ Launch new products and packages
- ☀ Test the market & collect feedback
- ☀ Survey trends & make contacts
- ☀ Target your right audiences`

HIGHLIGHTS

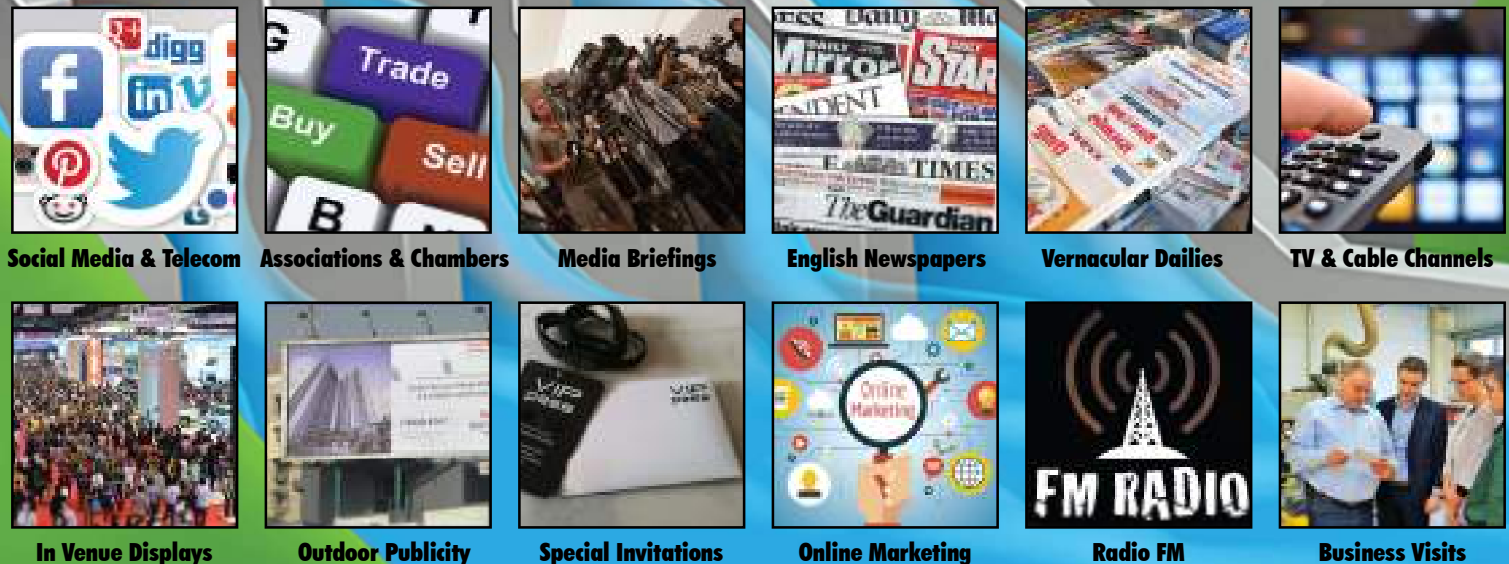

- 🏆 Key Purchasers
- 🏆 B2B + B2C Visitors
- 🏆 International Marketing
- 🏆 World Industry Leaders
- 🏆 Foreign & Indian Visitors
- 🏆 Service Providers & Professionals
- 🏆 Awards, Competitions & Workshops
- 🏆 Government Boards, Export Promotion, etc.

GOVERNMENT'S INITIATIVES

- Construction of world's largest solar park, (2 GW when fully complete) at Pavagada Taluk, Tumakuru district of Karnataka
- Phenomenal dip in solar tariffs to a record low of USD 0.04 per unit because of the increasing viability of Solar energy projects
- 10% provision of roof top solar & renewable energy as mandatory under Mission Statement & Guidelines for all 100 Smart Cities
- Led the climate change deal among 195 countries at COP21 in Paris, with 40% commitment for non-fossil fuel based energy by 2030
- Green Energy Corridor to strengthen the transmission of renewable Energy to 33 solar parks with overall capacity of 20,000 MW in 20 states
- With 60.98 GW installed Renewable power capacity, the total share of clean energy has now increased to 18.37% of the total installed capacity
- Must run status for Renewable Energy projects by Central Electricity Regulatory Commission (CERC) to ensure viability & effective cost recovery
- Most comprehensive power sector reform ever, UDAY (Ujwal DISCOM Assurance Yojana) for financial turnaround of Power Distribution Companies
- Power Sale Agreement (PSA) for 1,000 MW of inter-state transmission system (ISTS)-connected wind projects signed by SECI - Solar Energy Corp.

SOLAR PLUS IS A MUST BECAUSE

- There are plans to develop 60 solar cities and 33 solar parks
- India will become one of the largest green energy producers in the world
- Indian solar-energy capacity will get increased by 300 percent this year and next
- The government plans large investments of around US\$ 100 billion in solar power
- Prime Minister Modi's target is to achieve 100 GW of solar power capacity by 2022
- Private equity funds, including Actis LLP, will invest in green energy platforms in India
- India has become the second-biggest solar-energy installer in the world in just two years
- Government plans to float five funds of \$5 billion each, targeted at promoting green energy sources
- The government is encouraging the manufacture of cost effective batteries under the Make in India initiative
- Solar pumps to irrigate 2.85 million hectares of land in the Pradhan Mantri Krishi Sinchai Yojna (PMKSY) mission
- The Indian cumulative solar grid capacity is growing by 82% over the last fiscal year - from 6.76 GW in 2016 to 12.28 GW in 2017
- Smart villages will be developed (2,500 smart villages by 2019), incorporating solar applications for irrigation, heating, lighting, etc.
- An average of 250-300 sunny days a year - approximately 3,000 hours of sunshine provides solar power potential of 748 GW per annum
- Rooftop & ground solar power installed capacity is targeted to be 100 GW by 2022, in which rooftop installations will contribute upto 40 GW
- Financial institutions, like European Investment Bank (EIB) are considering US\$ 61 million (EUR 56m) for a 100-MW photovoltaic (PV) plant

SPONSORSHIP PACKAGES

There are special sponsorship packages starting from Rs. 5 Lakhs onwards which includes - Stall Space, Advertising, Branding, Awards, etc. These are of Platinum, Gold, Silver & Bronze types depending on the tariffs paid. For more info, email trinity.cmd@gmail.com

SHELL SCHEME STALL

We have early bird rates as below valid up to February end.

Two options are available:

Raw Space - Rs. 9,000 /- per sq.mtr

Builtup Stand - Rs. 10,000 /- per sq mt

15 - 20 % Premium on Corner Stalls

• Overseas Exhibitors (Tariffs in US \$ or Euros)

• Space - US \$ 160 or Euro € 155 per sq mt.

• Shell - US \$ 175 or Euro € 170 per sq mt.

* 18% GST applicable on all payments.
